## 9.02.00.00 - CONDEMNATION SUITS

### **9.02.01.00**      **Request for Suit Papers**

Immediately after passage of the Resolution by the CTC, the District requests the appropriate Regional Legal Office to prepare the papers necessary for filing suit.

One Resolution covering each ownership is mandatory, and a separate condemnation suit on each ownership is the normal practice. However, a multi-ownership condemnation suit is permissible when the District and the Regional Legal Office agree such action is desirable.

<b>INFORMATION REQUIRED FOR SUIT PREPARATION</b>	
<b>Type</b>	<b>Description</b>
Parcel Resume	Brief parcel description.
Staff Appraisal	Appraisal report prepared by District Appraisal staff.
Title Reports	Furnish current title reports or supplemental reports bringing title up to date.  Make explanatory notations as to specific exceptions in the left-hand margin of the reports where title is to be taken subject to exceptions or the exceptions do not affect the parcel sought to be condemned.
Expenditure Authorization	Include the EA number below the file reference so the Regional Legal Office can apportion charges.
Maps & Exhibits	Include a map or diagram portraying as far as practical the property described in the complaint, showing its location in relation to the project for which it is to be acquired [CCP Section 2350.310(e)]. The condemnation parcel number will be the same as the acquisition parcel number.  See R/W Engineering Chapter for requirements.
Names	Include full names of owners and tenants owning realty. Also include full names of any persons, including spouses, actually in possession of the property or claiming an interest therein that do not appear in the title report so they can be properly named as defendants.
Number of Copies	Indicate the estimated number of copies of the Summons and Complaint required for service.
Taxing Agencies	Name counties only if they have interests other than <i>ad valorem</i> property taxes. Review CCP Section 1250.250 for specific requirements. (See also Section 9.02.08.00 and 9.15.04.00.)
Order for Possession	When requesting an OP, include the appraiser's name and qualifications to allow preparation of the Summary of the Basis for the Appraisal.  Segregate the summary as to value of the property to be acquired, severance damages, special benefits, and goodwill, if applicable.
Other Information	Include any other advice or information on the various exceptions that may assist the Regional Legal Office in the preparation of suit papers.

### **9.02.02.00**      **Information Required for Suit Preparation**

The District reviews the parcel descriptions prior to requesting suit papers to assure they are identical to those attached to the Resolution and prepares the necessary maps and exhibits. The information in the table on the preceding page is forwarded to the Regional Legal Office with the suit request, along with the declarations and staff appraisal.

### **9.02.03.00**      **Suits Involving Public Utilities**

Suits involving public utilities usually are not necessary, especially if the utility owns easement title. Arrangements normally can be made by using a Joint Use Agreement or Consent to Common Use Agreement that will satisfy all parties.

When fee-owned public utility land is necessary for a transportation project, a controversy may arise regarding

## 9.00.00.00 - CONDEMNATION

### 9.01.00.00 - EMINENT DOMAIN

#### **9.01.01.00**    **General**

*Eminent domain* is the inherent power of government to acquire private property for public use. The owners of such private property shall not be deprived of their property without just compensation as provided in the Fifth and Fourteenth Amendments to the United States Constitution and Article I of the California Constitution.

*Condemnation* is the legal proceeding by which the power of eminent domain is exercised.

The Department may condemn property to be used for highway and related purposes by authority of S&H Code Section 102. The CTC must first adopt a Resolution of Necessity pursuant to Section 1245.230 of the Code of Civil Procedure (CCP).

#### **9.01.02.00**    **Record of Condemnation Case Status**

The District Condemnation Unit, hereinafter referred to as District, maintains a record of the status of condemnation cases commencing with submittal of the Request for Resolution of Necessity to the CTC.

The record is kept current through the duration of the action.

#### **9.01.03.00**    **Condemnation Process**

The condemnation process requires continuous communication among the District, Legal, and HQ RW. Respective roles and responsibilities are set out in the flowcharts in Section 9.16.00.00 at the end of this chapter. The flowcharts provide an overview of the process; the steps involved and the sequence of action may vary. In addition, the flowcharts outline actions taken by Legal that may not be discussed in this chapter.

Condemnation must be completed within a short time frame, and all eminent domain actions are subject to fast track rules that accelerate the process. (See Section 9.02.15.00.) Although timelines may

vary depending on local court rules, the typical time frame should closely follow the indicated schedule.

#### **9.01.04.00**    **Notice of Intent to Adopt Resolution of Necessity**

CCP Section 1245.235 provides that an owner must be given notice of the meeting at which the CTC will consider a Resolution of Necessity for acquisition of the owner's property (Forms RW 9-1 and RW 9-2). The District initiates condemnation by mailing a Notice of Intent to Adopt Resolution of Necessity to property owners whose property is required. The Notice must be signed by a senior level Right of Way Agent or above.

Notice requirements are shown on the table below:

NOTICE REQUIREMENTS
<ul style="list-style-type: none"><li>• Include one of the following forms of property identification as "Exhibit A:" Condemnation Map and Legal Description, or Specific property address and appraisal map clearly showing property, or Department's Grant Deed</li><li>• Send Notice and cover letter to owners listed in the last equalized county assessment roll, new owners not yet listed, lessees, and month-to-month tenants owning realty.</li><li>• Serve or mail Notice and Letter no later than 45 days prior to the date of the meeting at which the CTC will consider the Request.</li><li>• Personally serve or mail Notice and Letter First Class, Return Receipt Requested.</li></ul>

If the owner refuses service or delivery, mail Notice and Letter First Class (without Return Receipt Requested). Prepare an affidavit detailing the steps taken to provide the required notification.

If the owner(s) cannot be located with reasonable diligence and service is by publication, see Section 9.03.13.00 and CCP Section 1250.125.

If service is by publication and the owner(s) cannot be located with reasonable diligence, see Section 9.03.13.00 and CCP Section 1250.125.

#### **9.01.05.00    Change in Notice**

If either of the following occurs, the District must immediately notify the owner(s) by mail that the Request will not be considered on the date of which they were notified and that a new Notice will be provided.

- If for any reason (such as a design change) information in a Notice or legal description already provided to the owner(s) ceases to be correct prior to adoption by the CTC.
- If the District defers CTC consideration at the time set forth in the Notice.

The District must provide a new Notice and Letter, subject to all of the above requirements, before a revised resolution request may be submitted for CTC consideration.

Although a new Notice is not required if CTC consideration has been deferred at the owner's request, the District must provide written notice of the deferred date, time, and location to the owner at least 15 days in advance.

#### **9.01.06.00    Grantor's Request for Appearance**

If an owner believes that their property should not be required or that the transportation project should be realigned to avoid their property, the owner may request an appearance before the CTC regarding the Resolution of Necessity. This request must be made in writing within 15 days from mailing of the Notice. In response to the request, the District conducts a hearing, which continues the negotiating process and assures that all issues are identified and resolved, if possible, prior to the CTC meeting.

#### **9.01.07.00    First Level Review Hearing**

The District conducts the First Level Review Hearing, which is attended by the owner(s) and representatives from District Right of Way and Project Development. It is desirable that the District Director attend and the DDC-R/W chair the hearing.

The Chair reminds the owner the CTC will only consider issues of project need, project design, and the necessity of purchasing the owner's property; the CTC will not consider issues of compensation.

If after the hearing the owner decides not to appear before the CTC, the District sends a confirmation letter to the owner with a copy to HQ RW.

#### **9.01.08.00    Second Level Review Hearing**

If issues concerning the CTC remain unresolved after the First Level Review Hearing, the District prepares a Draft Appearance Information Sheet. This document includes a complete report of the First Level Hearing and is sent to the Office of Project Planning and Design (OPPD) with a request for a Second Level Review Hearing.

In response to an OPPD request for a Second Level Review Hearing, HQ RW convenes the Second Level Review Panel. The Panel consists of a chairperson and panel secretary from HQ RW, an engineer from OPPD, and an attorney from the Legal Division. Representatives from District R/W and Project Development attend the hearing but are not members of the panel.

If issues remain unresolved at the conclusion of the Second Level Review, the Panel prepares a report and recommendation to the Deputy Director Transportation Engineering (also known as the Chief Engineer) for presentation of a Resolution of Necessity to the CTC.

HQ RW prepares a package for the CTC that contains a Summary of Unresolved Issues, Condemnation Panel Report, Appearance Information Sheet, and Chronology of Contacts. HQ RW notifies the owner by certified mail of the date, time, and location of the CTC hearing, including copies of the package created for the CTC.

HQ RW	Prepares CTC package and notifies the owner by certified mail of the CTC hearing. (See Form RW 9-7.)

**9.01.09.00**    **Requesting the Resolution of Necessity**

A separate Resolution must be obtained for each ownership. An ownership may consist of more than one parcel, but no more than one ownership may be included in a Resolution, Request, or Notice.

The legal and policy requirements in the table below must be met for each ownership prior to submitting the Request to HQ RW.

**9.01.10.00**    **Submission of Request for Resolution**

The District should submit the Request for Resolution to HQ RW a minimum of five weeks prior to the CTC meeting to assure processing.

The CTC office semi-annually establishes dates and locations of CTC meetings. HQ RW sends this information to the districts as soon as it is available.

LEGAL AND POLICY REQUIREMENTS	
<ul style="list-style-type: none"><li>● There must be an approved appraisal report on the property, and the amount of that appraisal must have been offered.</li><li>● A reasonable number of acquisition calls must have been made on the property owner, and the owner must have been allowed a reasonable time to consider State's offer. For most properties, no less than three personal calls and 30 days would be considered reasonable.</li><li>● Where improvements on the remainder or that straddle the right of way line are to be acquired, Acquisition must advise R/W Engineering of the necessity of including either the Condemnation Improvement Removal Clause (6.08.07.01) or the Condemnation Improvement Severance Clause (6.08.07.02) in the legal description.</li><li>● A personal acquisition call must have been made on the owner within 30 days prior to serving or mailing the Notice. The owner(s) must have been advised that:<ul style="list-style-type: none"><li>* The State will proceed with condemnation and will serve or mail the Notice soon.</li><li>* The owner has a right to appear before the CTC to be heard on matters referred to in CCP 1240.030; the CTC may not consider issues of compensation.</li><li>* The owner must file a request to appear within 15 days of service or mailing of the Notice. Otherwise, the right to appear will have been waived.</li></ul></li><li>● A Notice, accompanied by a cover letter (see Forms RW 9-1 and RW 9-2), must have been provided to all parties with an interest in the property.</li></ul>	

#### **9.01.11.00 Preparation of Resolution**

HQ RW prepares the Resolution based on information provided in the District's request package. Each package must contain the following items:

RESOLUTION REQUEST
<ul style="list-style-type: none"><li>• Resolution of Necessity Request (Form RW 9-8) in triplicate signed by the DDC-R/W.</li><li>• Completed Request for Confirmation of Market Value (Exhibit 8-EX-5).</li><li>• Completed Staff Appraisal Review Prior to Requesting a Resolution of Necessity.</li><li>• Copies of Notice of Intent and Letter of Transmittal.</li><li>• Original and five copies of the legal description marked "Exhibit A," which must be identical to the legal description provided to the owner with the Notice.</li><li>• Two copies of key and detailed condemnation maps.</li><li>• Declaration of Mailing or Affidavit of Service of Notice and Letter.</li></ul>

#### **9.01.12.00 Specific Statutory Authority**

See the table at the end of this section for a summary of condemnations for which specific statutory authority must be cited in the Resolution.

#### **9.01.13.00 Adoption of Resolution**

If the CTC votes to adopt the Resolution, HQ RW immediately sends a notice to the District indicating the Resolution was adopted and follows up by sending the original and two copies of the Resolution. Headquarters Legal sends a certified copy of the Resolution to the Regional Legal Office.

#### **9.01.14.00 Rescission of Resolution**

The District should request a rescission of a Resolution where it is impractical, due to design revisions or for other reasons, to pursue acquisition of a parcel based on the original resolution

authorizing condemnation. This lessens State's exposure to inverse condemnation actions under the provisions of CCP Section 1245.260.

The District initiates the rescission by submitting a request to HQ RW for CTC consideration. The request should identify the parcels and resolution numbers in the format below. If suit has been filed and subsequently dismissed, the date of dismissal should be included.

COUNTY _____	ROUTE _____	RESOLUTION OF NECESSITY NO _____
		DATE PASSED _____
OWNER _____		
PARCEL NO. _____		
REASON _____	FOR _____	RESCISSION _____

#### **9.01.15.00 Filing of Suit Within Six Months of Adoption**

The District should request a Resolution only if it intends to file a suit within six months after the Resolution is adopted. CCP Section 1245.260 provides that if eminent domain is not commenced within six months, the property owner may bring an inverse condemnation action. The court could require the Department to acquire the property, allow the owner to recover damages for any interference with the possession and use of the property, or both. It is important, therefore, that the District request, file, and serve suit papers as soon as possible after a Resolution is adopted. Or, if the suit is not filed within six months, the District must request rescission of the Resolution.

SPECIFIC STATUTORY AUTHORITY			
Type of Condemnation	Explanation	Requirements	Authority
<b>Substitute</b>	<p>Whenever the Department requires property for highway purposes and the property is devoted to, or held for, another public use for which the power of eminent domain might be exercised, the Department may condemn substitute property to be exchanged for the required right of way if the owner of the required right of way consents in writing to the exchange.</p> <p>When the Department acquires substitute property in its own name, relocates the public use, and then conveys the improved property to the owner of the required right of way, the Department is acting under CCP 1240.330. The Department must follow this procedure when either a court order, a judgment in eminent domain proceeding, or a written agreement requires the acquisition of substitute property that will be devoted to the displaced public use.</p> <p>If the owner of the required right of way does not have the power to condemn substitute property, the Department must rely on either CCP 1240.330 or 1240.350. (See Form RW 9-10.)</p> <p>If the Department is condemning property pursuant to CCP 1240.350 to provide utility service to, or access to a public road from, property that is not acquired for public use but that is cut off from utility service or public road access as a result of the Department's acquisition, the owner's consent is desirable, but not a prerequisite. However, the Department must take into consideration the cost and hardship to the owner whose property is to be condemned or acquired to provide the utility service or access.</p>	<p>It is necessary to set forth:</p> <ul style="list-style-type: none"> <li>● Date and terms of the agreement between the Department and the other party.</li> <li>● Degree of title owned by the other party.</li> <li>● Degree of title the Department will condemn for exchange purposes.</li> </ul> <p>In addition, the map forwarded with the Resolution Request shall delineate the right of way the Department will acquire from the other party.</p> <p>The Resolution shall specifically reference CCP 1240.320. (See Form RW 9-9.)</p> <p>The Resolution shall include a statement that the property is necessary for the purpose specified in CCP 1240.330, if applicable.</p> <p>When the Department acquires rights for a utility company, care should be exercised to ensure the legal description includes all rights, restrictions, and limitations required by the company. As a general rule, the legal description should not provide for acquisition of greater rights than the utility company holds in its present right of way. However, special circumstances may dictate otherwise. For example, the PUC may impose higher standards on replacement construction. If the Regional Legal Office wants to amend the utility company's legal description for the Resolution, the Regional Legal Office and utility company should confer and agree upon the change.</p>	<p>S&amp;H Code 104(b) CCP 1240.320 CCP 1240.330 CCP 1240.350</p>

SPECIFIC STATUTORY AUTHORITY			
Type of Condemnation	Explanation	Requirements	Authority
Of Excess Land	If the Department proposes to condemn property that is excess to its needs, the property is classified as either a remnant or excess. (Condemnation of a remnant is discussed below.) The Department may acquire property as excess when the remainder or a portion of the remainder will be left in such size, shape, or condition as to be of little value to its owner or to give rise to a claim for severance or other damages.	Section 1240.150 provides broad authorization for the Department to acquire remainders by a voluntary transaction or a condemnation action initiated with the owner's consent. If acquisition of only a portion of a property would leave the remaining portion in such shape or condition as to constitute an uneconomic remnant, the Department shall offer to acquire the entire property and may do so if the owner agrees. Since exercise of authority under this CCP section depends upon consent and concurrence of the owner, the language is broadly drawn to authorize acquisition whenever the remainder would have little or no value to its owner rather than little market value.	Acquisition by any means is authorized under CCP 1240.150 when owner expressly consents.
	If the property is needed for public use and a structure is located partly on the property to be acquired and partly on other property, the Department may acquire the entire structure by agreement with the owner or by condemnation initiated with the owner's consent.	There are a number of alternatives available to the parties that may be less costly or more convenient than taking only part of the structure and paying severance damages on this basis. In some cases, severance may so destroy a structure that total demolition in one operation is the only economically or practically feasible alternative. The parties may also agree that the Department will purchase the structure and relocate it.	CCP 1240.150  For authority to condemn the structure where the parties cannot agree, see CCP 1263.270 (court order to acquire entire improvement).  For other possibilities, see CCP 1263.610 (Department to relocate structure or perform other work for owner).

SPECIFIC STATUTORY AUTHORITY			
Type of Condemnation	Explanation	Requirements	Authority
<b>For Compatible Use</b>	The Department may acquire property appropriated to public use if the proposed use will not unreasonably interfere with or impair the existing public use or future public use that can be reasonably expected.	The Resolution must specifically reference CCP section.	CCP 1240.510
<b>For More Necessary Public Use</b>	<p>The Department may acquire property appropriated to a public use if the Department's use is a more necessary public use.</p> <p>The Department's authority under this CCP section will not prevent continuance of the appropriated use if such use will not unreasonably interfere with, impair, or require a significant alteration of the Department's project (see CCP section 1240.630).</p>	<p>A Letter of Consent should be obtained. If not, the Department must be able to prove to the Court that its use is a more necessary public use than the use to which the property is appropriated.</p> <p>A statement as to the more necessary public use is required.</p> <p>The Resolution must specifically reference CCP section.</p>	CCP 1240.610
<b>For Future Use</b>	The Department may condemn property for future use only if there is a reasonable probability that its date of use will be within seven years from the date the Complaint is filed or within such longer period as is reasonable. The date of use is the date the property is actually devoted to the use or project construction is commenced (i.e. the date the contract is awarded).	<p>All projects, except Federal Advance Acquisition Fund projects and those requiring reasonably longer periods should be commenced within the seven-year period. The Resolution and Complaint must reference CCP 1240.220 and give estimated date of use.</p> <p>If the project will be awarded within such longer period as is reasonable, and not within the seven years, the Resolution and Complaint must state that the acquisition is pursuant to Federal Highway Act of 1973 and give the estimated date of use.</p>	CCP 1240.210 through 1240.250.
<b>Of an Easement to Remove Improvements</b>	See Manual Section 6.08.07.01, CCP section 1263.270, and Form RW 9-12.	The legal description shall include the Condemnation Improvement Removal Clause.	CCP 1263.270
<b>Of an Easement to Sever Improvements at or near the Right of Way Line</b>	See Manual Section 6.08.07.02.	The legal description shall include the Condemnation Improvement Severance Clause.	CCP 1263.610

<b>Of Remnants</b>	<p>The Department may acquire property as a remnant when it would be left in such size, shape, or condition as to be of little market value. **NOTES:**

valuation of the property or the type of interest the State is to acquire. If either is probable, the District should consult with the Regional Legal Office and RW HQ Acquisition Branch immediately.

If no agreement is reached and eminent domain appears likely, the District mails the Notice of Intent specifying the type of title to be condemned, i.e., fee reserving an easement to the utility or an easement out of the utility company's fee.

The District should not presume that Rights of Entry with or without the waiver clause will always be available from the utility company.

#### **9.02.04.00**      **Suits Involving Railroads**

Suits involving nonoperating property owned by railroad companies are handled like any other property.

If the required property is used for operating railroad purposes, consult RW HQ before initiating condemnation procedures. Every effort should be made to avoid condemnation of railroad operating property by obtaining rights of entry and construction agreements. (See the Railroad Section of the Acquisition Chapter.)

When a project involves crossing the railroad right of way at grade or by a grade separation structure, the California Public Utilities Commission (PUC) must approve the construction. Approval of the PUC is subject to an agreement between the State and the railroad. The Division of Structures handles Service Agreements for grade crossings and Construction and Maintenance Agreements for grade separations. Although a suit can be filed, the Superior Court has no right to grant an OP until PUC approval has been obtained.

If the railroad disagrees with the State's plans for the project, the PUC will hold a hearing. The PUC hearing process can take six months or more to complete.

#### **9.02.05.00**      **Filing Suit Papers**

The Regional Legal Office prepares the following and forwards to the District:

- **Summons and Complaint** - originals and sufficient copies of each to make the necessary services on the defendants.
- **Lis Pendens** - original and copies.
- **Application and Declaration for Order for Possession** - if requested.
- **Order for Possession** - if requested
- **Notice of Deposit and Summary of the Basis for the Appraisal** - if requested, original and sufficient conformed copies so service by R/W or Legal can be made.

Pursuant to Government Code Section 6103, the Department does not pay filing fees.

#### **9.02.06.00**      **Recordation and Service of Lis Pendens**

Immediately after filing of the suit, the District must have the Lis Pendens recorded with the county recorder of each county in which the property affected by the suit is located. Service of the Lis Pendens is concurrent with service of the Summons and Complaint. (See CCP Section 1250.150.)

**9.02.07.00**      **Filing Complaint and Issuance of Summons**

The District shall arrange for filing of the original Complaint and for issuance of original Summons by the clerk of the court within six months of adoption of the Resolution. In most cases the county clerk acts in the capacity of the clerk of the court. (See CCP Section 1245.260.) The District retains the original Summons until such time as proof of service or return to the court is necessary.

See Section 9.03.04.00 for return of original Summons to the court.

**9.02.08.00**      **Request for Segregation of Taxes on Partial Takings**

For partial takings of locally-assessed properties, the District processes a request for segregation or pro-rating of taxes immediately after the taxes are subject to cancellation. This occurs on the effective date of possession as set forth in the OP or, in the absence of an OP, upon the recordation of the document (Deed or Final Order of Condemnation) conveying the property to the State.

**9.02.09.00**      **Conforming Copies of Summons, Complaint, and Lis Pendens**

Before they are served on the defendants, each copy of the Summons, Complaint, and Lis Pendens must be conformed to agree with the originals. Maps must be inserted in the copies of the Complaint in the same manner and form as contained in the original. See Section 9.03.03.00 if an OP is also being served.

**9.02.10.00**      **Coordination With Regional Legal Office**

The Regional Legal Office forwards copies of each pleading filed with the court or received by them to the District so that a complete file is maintained, or as agreed to by the District and the Regional Legal Office. The Regional Legal Office and the District should coordinate activities and maintain communications necessary to meet timetables required by the CCP or the courts. The District should advise the Regional Legal Office of the status of action and any settlements made through Right of Way Contract.

**9.02.11.00**      **Status of Title When Suit Is Filed**

When the necessary suit filing procedures have been completed, the District orders a title report or supplemental letter from the title company to show the condition of title as of the recordation date of the Lis Pendens. This permits a current review of the status of title to assure that all parties having an interest in the property are served. It is essential that status of title is current in the event of a withdrawal of deposit application. See Section 9.09.00.00.

**9.02.12.00**      **Suits With Orders for Possession**

See Sections 9.03.00.00 and 9.08.00.00 for procedures to follow after the filing of the Complaint.

**9.02.13.00**      **Rearrangement of Improvements Involved in Condemnation Action—Stipulations**

After a condemnation action has been filed, expenditures shall not be made for rearrangement of buildings, fences, or roadways; restoration of water supply; changes in irrigation pipelines; construction of ditches; etc.; for the purpose of mitigating damage except under specific agreement (stipulation). The stipulation shall be executed by all parties who would have to execute an agreement for the sale of the property. The Regional Legal Office drafts the stipulation based on information provided by the District.

The terms of any partial settlement of a transaction shall be included in a stipulation to be filed in the proceeding. The stipulation shall provide that in the event of trial, the defendant will not claim damages for any of the items covered by the stipulation.

**9.02.14.00**      **Memorandum of Case Status**

Within 45 days after filing of the suit, the District completes a Condemnation Status Report in the form required by the Regional Legal Office. It must be completed without delay and returned to the attorney assigned to the case.

**9.02.15.00**      **Fast Track Procedures**

### **9.02.15.01**      **General**

The Trial Court Delay Reduction Act of 1986 (Fast Track) is intended to expedite the processing of condemnation cases through the court system. The Act is contained in the Government Code, commencing with Section 68600, and is implemented by Title 4 (Rule 1901-1914) of the Rules of Court. It requires that each county adopt rules to implement the Act. Each District should obtain the rules for its respective counties.

The program ensures that general civil matters filed in the Court are expeditiously pursued from filing to trial. To accomplish this early resolution of cases, the Court will monitor and, where necessary, direct the progress of proceedings.

### **9.02.15.02**      **Procedure**

The Regional Legal Office has overall responsibility for compliance with the Act. Since procedures and forms vary from county to county, the District should check with the Regional Legal Office on procedures to be followed.

At the time the Complaint is filed, the case is set for a Case Management Conference within 120 days and may be assigned to a judge. At the time of the conference, the Court will review the status of proceedings and make orders necessary to ensure that the matter is ready for trial at the earliest possible date. Where appropriate, the Court will set the matter for further conferences.

Legal must file an At-Issue Memorandum in order to secure a trial date. The Court Executive Officer will set the trial within 90 days of the Case Management Conference, unless specifically ordered otherwise by the Court.

The Judicial Council of California has adopted two forms that are important in the implementation of the Act. They are Notice of First Case Management Conference, Form DR-100, and Case Management Conference Questionnaire, Form DR-110.

All the following documents must be served within 60 days and proof of service returned to the court as soon as practicable.

- **Summons** - one endorsed copy.
  
- **Complaint** - one endorsed copy.
  
- **Lis Pendens** - one certified copy and one endorsed copy. The original is forwarded to Legal after recording is completed.

The Department is responsible for serving a copy of Notice of First Case Management Conference on each defendant and providing the Court with proof that such service was accomplished.

The following is suggested language to use as a Notice:

In accordance with the California Rules of Court 1901 through 1914 and the Trial Court Delay Reduction Rules of \_\_\_\_\_ County.

The matter is set for a Case Management Conference on \_\_\_\_\_.

\_\_\_\_\_. Pursuant to Rule 1905, this case is assigned to The Honorable \_\_\_\_\_.

## **9.03.00.00 - SERVICE OF SUMMONS, COMPLAINT, AND LIS PENDENS**

### **9.03.01.00      General**

The DDC-R/W is responsible for arranging service. The District shall proceed with service unless directed by the Regional Legal Office to wait for their instructions.

### **9.03.02.00      Time for Defendant to Answer**

After personal service has been made, the defendant has 30 days to appear.

### **9.03.03.00      Establishing Date of Value**

The District shall promptly serve all defendants in the condemnation action when it is apparent negotiations have reached an impasse. The date of value is the date the complaint is filed (commencement of the action) if the case is brought to trial within one year of the filing. To retain the date of value, extended delays should not be allowed.

If the case is not brought to trial within one year, the date of value is the date the trial begins. Except, if the delay is caused by the defendant, the date of value is the date the complaint is filed. A date of value is also established on the date when a deposit of probable compensation has been made.

### **9.03.04.00      Return of Summons**

A condemnation action shall be dismissed and no further proceedings taken if Summons and Complaint have not been served and returned into court within three years from the commencement of the action (CCP Sections 583.210 and 583.250). Local "fast track" rules may require return of summons within a short period of time, e.g. 60 days, after commencement of the action. Violation of these rules may result in sanctions, including dismissal of the action if lesser sanctions are ineffective. Therefore, return of summons or other proof of service must be made to the Legal office within 50 days so the documents can be filed with the court within 60 days. This requires the Right of Way Agent to check services of Summons, as shown by the condemnation record on any given action, sufficiently in advance of the expiration of the three-year period. This permits the service of any unserved defendants with whom settlement has not been made or who have not filed an answer or other appearance in the action.

As noted in Section 9.03.20.00, subsequent or additional Summons may be issued. However, an additional Summons does not extend the three-year period within which the Summons must be served.

In some cases it may be necessary to publish Summons, ordinarily for 30 days. Time is required to investigate and prepare papers to obtain an Order for Publication. The defendant is allowed an additional 30 days after publication to answer before a judgment can be entered. For these

reasons, matters relating to service of Summons must be checked and final decisions made and implemented not later than two and one-half years (30 months) after the case has commenced.

### **9.03.05.00      Manner of Service**

The District should make every effort to make service by personally delivering a copy of the Summons, Complaint, and Lis Pendens to the defendant or to a person authorized to receive service of process. Making service by leaving and mailing copies may be used when personal service has been unsuccessful.

The four methods of service of the Summons, Complaint, and Lis Pendens are listed on the table entitled "Methods of Service" on the following page.

<b>METHODS OF SERVICE</b>	
<b>Personal Delivery</b>	A person may be served by personal delivery of a copy of the Summons, Complaint, and Lis Pendens to the individual or to a person authorized by the condemnee to receive service of process.
<b>Leaving and Mailing Copies</b>	<p>In lieu of personal delivery on a corporation, association, or public entity, service may be made by leaving a copy of the Summons and Complaint in the office of the person who was intended to be served with the person apparently in charge during the usual office hours. Thereafter, copies should be mailed by First Class Mail, postage prepaid, to the person who was intended to be served at the place where the Summons and Complaint were left.</p> <p>If a copy cannot be personally served upon an individual or a person authorized to receive service (or a minor or a conservator) with reasonable diligence, a copy may be left at such person's house or usual place of business. A competent member of the household or a person apparently in charge of the place of business who is at least 18 years of age must be present at the time the copy is left. The person must be informed of the contents of the Summons, Complaint, and Lis Pendens. Thereafter, a copy must be mailed by First Class Mail, postage prepaid, to the person intended to be served at the place where the copy was left. (See Form RW 9-13.)</p> <p>Substitute service of an individual or person authorized to receive service is not available for individual defendants unless personal service was first attempted. (Two or three attempts to personally serve the defendant at a "proper place" ordinarily qualifies as "reasonable diligence.")</p> <p>As pertains to husband (H) and wife (W), personal service on Spouse W is not deemed service on Spouse H unless Spouse H authorized Spouse W to accept service on his behalf. The authority is based upon an oral or written statement by Spouse H. Spouse W's saying she has authority to accept service on behalf of Spouse H is not sufficient. Similarly, service on a person's lawyer is not sufficient if that lawyer is not specifically authorized to accept service in the action.</p>
<b>Service by Mail</b>	<p>A copy of the Summons, Complaint, and Lis Pendens may be mailed by First Class Mail, postage prepaid, to the person to be served. A return envelope addressed to the sender, postage prepaid, two copies of a Notice and Acknowledgment of Service, and an unsigned copy of the Declaration of Mailing must be included. (See Forms RW 9-13, RW 9-14, and RW 9-16.)</p> <p>If the person to be served by mail fails to comply and return the acknowledgment within 20 days from the date of mailing, that person is liable for reasonable expenses incurred thereafter in serving or attempting to serve the individual by any other authorized method.</p>
<b>Service by Publication</b>	If service cannot be made by any other authorized manner after reasonable diligence, service may be made by publication. See Section 9.03.13.00.

#### **9.03.06.00**      **Service on Person Outside State**

Besides all the other authorized methods of service, a person located or residing outside the State may be served by sending a copy by First Class Mail and obtaining a return receipt. Service of a summons by this form of mail (certified or registered mail with return receipt requested) is deemed complete on the tenth day after such mailing. (Code of Civil Procedure Section 415.40.)

#### **9.03.07.00**      **Service on Minors, Incompetents, and Trustees**

Although the following relates to making personal service on minors, incompetents, and trustees, the alternate methods of making service listed under Section 9.03.13.00 may also be used.

When service is made on a minor under the age of 18 but over the age of 12, a copy is delivered personally to the

minor's mother, father, guardian, or, if no such person can be found with reasonable diligence, whatever person has care or control of the minor or resides with the minor. If the minor is under 12 years of age, service is made on the parent or guardian only.

Where service is made on a person who has been judicially declared incompetent and for whom a guardian or conservator has been appointed, service must be made personally on both the incompetent and the guardian or conservator. In certain situations the court can authorize dispensing with service on the incompetent for good cause.

When a named defendant is sued as a trustee and as an individual, service should be made in each capacity, i.e., one copy served on defendant as trustee and another copy served on defendant as an individual.

#### **9.03.08.00**      **Service on a Corporation**

Service on a domestic or foreign corporation is made by personally delivering a copy of the Summons, Complaint, and Lis Pendens to the president or other head of the corporation, vice president, secretary, assistant secretary, treasurer, assistant treasurer, general manager, or person designated for service of process or authorized to receive service of process. (See CCP Section 416.10, Corporation Code Section 1502.)

If service is to be made on a bank, the copy may be delivered to the above-enumerated officers, or agents thereof, or to a cashier or assistant cashier thereof.

CCP Section 412.30 requires that the copy of the Summons served on a corporation shall contain a notice stating in substance that the person served has been served on behalf of the corporation, which must be designated by name in the notice. An appropriate form of this notice has been incorporated in the Summons form under the title "Notice to the Person Served."

The summons itself must notify the person to whom it is delivered of the capacity in which he or she is being served or if he or she is being served on behalf of another. In an action against a corporation, partnership, or other unincorporated association, the summons form itself must notify the person to whom it is delivered that he or she is being served on behalf of a specific entity defendant (and also individually, if such is the case). It is not enough that the corporation or partnership is named as a defendant in the action. Nor is it sufficient that the process server tells the person served that he or she is being sued on behalf of the entity-defendant.

Consult with the Regional Legal Office for guidance in making proper service if a corporation has forfeited its charter or right to do business, has been dissolved, or is in bankruptcy.

**9.03.09.00**      **Service Where Appropriate Agent of Corporation Cannot Be Found**

If the agent designated for service of process cannot be found with reasonable diligence, if no person has been designated, or if none of the officers or agents of the corporation enumerated in Section 9.03.08.00 can be found, service can be made by personal delivery to the Secretary of State after the necessary court order is obtained. The Regional Legal Office will prepare the necessary papers and have the proper order made.

**9.03.10.00**      **Service on a Partnership or Unincorporated Association**

CCP Section 412.30 requires that the copy of the Summons that is served shall contain a notice stating, in substance, that the person served has been served on behalf of the partnership or unincorporated association, which must be designated by name in the notice. Service is to be performed as shown in the following table. If questions

arise concerning service, consult with the Regional Legal Office for guidance.

PARTNERSHIPS OR UNINCORPORATED ASSOCIATIONS		
Type Of Association	Conditions	Service
General or Limited Partnership	Agent has been designated for acceptance of service of process with the office of the Secretary of State.	Serve the person so designated, a general partner, or the general manager of the partnership.
Not a General or Limited Partnership	Agent has been designated for acceptance of service of process with the office of the Secretary of State.	Serve that person, the president or other head of the association, vice president, secretary, assistant secretary, treasurer, assistant treasurer, or general manager.
Unincorporated Association	No person has been designated as agent for acceptance of service of process with the office of the Secretary of State or that person cannot be found at the address specified with the office of the Secretary of State and no person listed above can be found within the State after a diligent search.	Regional Legal Office must apply to the court for an order that service be made by delivering a copy of the process to any one or more of the association's members designated in the order and by mailing a copy of the process to the association at its last known address.
Unincorporated Association	No officer or other person on whom Summons may be served can be found within the State.	Regional Legal Office must apply to the court for an order authorizing service to be made by publication of summons.

#### **9.03.11.00 Service on Public Agencies**

CCP Section 416.50 provides the following procedure for service on a public agency:

*"(a) A summons may be served on a public entity by delivering a copy of the summons, and of the complaint to the clerk, secretary, president, presiding officer, or other head of its governing body.*

*"(b) As used in this section 'public entity' includes the state and any office, department, division, bureau, board, commission, or agency of the state, the Regents of the University of California, a county, city, district, public authority, public agency, and any other political subdivision or public corporation in this state."*

The District should contact the public agency to determine who is authorized to accept service on behalf of the agency. Service on a public agency should include the Lis Pendens.

When another State agency has an interest, the Department's practice is to mail informational copies of Summons, Complaint, Lis Pendens and title report to that State agency and the Attorney General's office.

#### **9.03.12.00 Service on Tax Collecting Agencies**

It is not necessary to name a tax collecting agency in the complaint when its only interest is an *ad valorem* tax lien. However, a courtesy copy of the Summons and Complaint should be provided as notice for computation of the amount of tax to be paid out of the judgment. (See Section 9.02.08.00.) If prepaid taxes are involved, see Acquisition Section 8.04.24.00.

#### **9.03.13.00 Service by Publication**

The law authorizes service by publication in the following cases:

- Defendant cannot be located with reasonable diligence.
- No person who may be served on defendant's behalf can be located.
- The identity of the defendant is unknown, e.g., there are heirs or devisees, or all persons are named as defendants under CCP 1250.220.

(See Section 9.03.09.00 and CCP 415.50 and 1250.130.)

Publication is authorized under CCP Section 1250.125 even if the offer required by Government Code Section 7267.2 has not been made. This requirement is a prerequisite for securing a Resolution of Necessity. (See CCP Section 1250.125(c) for a conditional exception.)

The Department's practice is to publish Summons against those defendants who cannot be located even though the property in question may be of low value.

An Order for Publication of Summons must be obtained from the court. The Order will designate the newspaper or other publication in which the Summons is to be published as well as the period of publication. When publication is ordered, personal service of a copy of the Summons and Complaint on a defendant out of the State is effective on deposit in the post office, mailed to defendant at defendant's last known address. A service is complete at the expiration of the time prescribed in the Order of Publication and the date of deposit in the post office.

To obtain an Order for Publication, a Declaration or Declarations must be filed with the court to support the Order. These Declarations are required to show the court that all available means of locating and serving the defendant have been exhausted. Facts must appear in the Declarations indicating a sincere desire and honest effort to locate the defendant.

The statutes provide that reasonable diligence must be exercised in order to obtain an Order for Publication of Summons. Reasonable diligence means more than a perfunctory search and requires more than a casual inquiry of one or two former neighbors or a letter written at random. It means that a systematic investigation and inquiry must be conducted in good faith.

Declarations must state the facts and not mere conclusions of law or fact. Hearsay is not acceptable, and the information should be recent. If the information is contained in a letter, the letter should be attached to the Declaration.

Statements relative to the last known address of a defendant will carry little weight unless the source of this knowledge is given. The Declaration should contain the names and addresses of all relatives, friends, or employers of the defendant interviewed and the dates of such interviews. It should contain information about the inquiries made at or around every place the defendant is known to have resided or been employed.

The Declaration must show a search of the latest city directory, telephone books, tax rolls, and register of voters was made, giving dates. In cases where a name similar to the defendant's is found, the Declaration must show inquiry about the defendant at the address given and must set forth the information obtained by such inquiry. If a name similar to that of the defendant is not found, the declaration must so state. The names and addresses for all persons contacted and the actual statements made by each person, not the declarant's conclusion therefrom, should be noted.

The District should give the facts pertaining to the search for the defendant to the State's attorney, who will prepare the necessary Declaration to be made by the agent. It is important that the search be made within a reasonable time of the filing of the Declaration. If the information is stale, the court will refuse to make its Order for Publication.

The publication of the Summons should be commenced immediately after obtaining the Order. The Order will require the Summons and Complaint to be posted on the property within 10 days of the order. In instances where the last known address is given, the Order will provide for the mailing of a copy of the Summons and Complaint to defendant at the last known address. A Declaration of Mailing is necessary.

**9.03.14.00**      **Service by Publication—Unknown Defendants**

CCP Section 1250.220 provides for effecting service on "all persons unknown claiming any title or interest" and "the heirs and devisees of (naming such deceased claimant), deceased." Consult the Regional Legal Office for procedure. (See Section 9.03.13.00.)

**9.03.15.00**      **Service on Intervening Interest**

The recording of the Lis Pendens furnishes notice to all persons of the pendency of the action. Any person who may acquire an interest in the property subsequent to the institution of the proceeding is bound by the judgment made therein. It is the Department's practice, when feasible and practical, to serve Summons and Complaint upon such person or persons who purchase or obtain any interest in the property under condemnation. This is done primarily to avoid the possibility of any adverse claim.

**9.03.16.00**      **Service on Fictitious Defendants**

A person or a corporation not named in the Complaint as defendant can be served under the provisions in the Complaint naming a fictitious defendant. If an interest is found that was not known at the time the suit was prepared, the person or corporation holding this interest can be served by designating such person or corporation by one of the fictitious names.

Service must be made on fictitious defendants in the manner in which they are named and sued in the Complaint. If Doe One to Doe Ten have been sued specifically as heirs of a deceased person, Doe Eleven to Doe Thirteen as trustees, and Jane Doe or John Doe as the unknown spouse of a listed defendant, these designations must be used when the true names are ascertained. In the event that a corporation is served as a "Doe," the summons must notify the person served that he or she is being served on behalf of a specific corporation, and that the corporation is being served as a specific "Doe."

The party making service on fictitiously named defendants must comply with CCP Section 474. The appropriate notice required is shown on the Summons under Notice to the Person Served. Reference to the appropriate type of service must be marked. If in the Complaint the numbers of the fictitious defendants are written (e.g., DOE ONE to DOE THIRTY), then the designation of the particular DOE NUMBER required in the above notice should also be written (e.g., DOE TWENTY, not DOE 20).

**9.03.17.00**      **Proof of Service - Named Defendants**

The District should send all Proofs of Service (Form RW 9-13) in duplicate to the Regional Legal Office immediately after service has been made. The Legal Office is responsible for filing all Proofs of Service with the Court.

The name of the month should be written out instead of using numerals representing the month. The specific address of service should be shown. The number of the

parcels in which the various defendants have an interest should be shown only on the copy of the Proof of Service.

The name of the defendant must appear in the Proof exactly as it appears in the Complaint, unless this name is incorrect. If the party has been sued under an erroneous name, the party should be served as one of the fictitiously named Doe defendants and the appropriate proof of service made. (See Section 9.03.16.00.)

When a named defendant is sued as a trustee, this designation should appear wherever the name does. If such a defendant is sued both as a trustee and as an individual, the Proof should show service upon each, just as the name appears in the Complaint.

**9.03.18.00**      **Proof of Service—Domestic or Foreign Corporation, Partnership, or Unincorporated Association**

If notice of the capacity in which a person is served is required on the copy of the Summons, the Proof of Service must recite that such notice appeared on the copy of the Summons that was served, per CCP Section 417.10. (See Section 9.03.08.00.) Since the form of Proof of Service includes an appropriate statement, it is important to verify that this notice was appropriately marked on the copy of the Summons served when signing the Proof.

**9.03.19.00**      **Proof of Service—Fictitious Defendants**

The Proof of Service upon a fictitiously named defendant must comply with the provisions of CCP Section 474 before the default can be entered. (See Section 9.03.16.00.) The form of Proof of Service includes an appropriate statement of proper notice being given.

**9.03.20.00**      **Subsequent or Additional Summons**

If the Complaint has been filed, subsequent or additional Summons may be issued against any or all defendants on the request of the plaintiff. A plaintiff may secure the issuance of a Summons at any time up to the expiration of the three-year limitation on service and return of Summons. More than one Summons for a defendant may be outstanding at one time. No distinction is made between the original and subsequent or additional Summons.

If a Summons is lost after service has been made but before it is returned, its return is excused. CCP Section 417.30 provides that a declaration of the process server may be returned in lieu thereof. Consult the Regional Legal Office if it appears that an additional Summons may be necessary.

**9.03.21.00**      **Service Complete**

Personal service is complete at the time of delivery (CCP Section 415.10.) Substitute service is deemed complete on the tenth day after the mailing (CCP Section 415.20). Service by mail and acknowledgment of receipt is deemed complete on the date the defendant signs the acknowledgment (CCP Section 415.30(c)).

**9.03.22.00**      **General Information**

As part of the “Notice to the Person Served,” there is a place on the bottom of the front page of the summons form for the server of the summons and complaint to insert the date on which the summons was served. The purpose of entering this date is to assist the defendant in determining the                      due                      date                      of

his or her responsive pleading. However, failure to enter the date does not affect the validity of service. (See CCP Sections 415.10 and 412.20 (a).)

The person serving the summons and complaint should also obtain information that may later be needed to prove validity of service or to prove up a default. This information includes:

1. The full name of the person served, and, if such person is being served on behalf of a corporation or other entity, his or her office or capacity, and
2. If the defendant is in military service.

Federal law requires an affidavit or declaration that the defendant is not in military service before any default judgment can be rendered (Soldiers' and Sailors' Civil Relief Act, 50 U.S.C. Section 520). Since the acquisition agent is required to execute this portion of the request for entry of default, he or she may want to verify that the defendant is not in military service.

**NOTES:**

## **9.04.00.00 - USE OF INDEPENDENT EXPERTS**

### **9.04.01.00    Qualified Independent Experts**

The District shall maintain records of individuals and firms qualified as experts in appraising property rights in their geographic area. These records shall show the education, experience, and other qualifications of each individual and firm. Although a contract may be entered into with a firm, the name of the individual must be designated to guarantee the report is prepared by a qualified expert.

### **9.04.02.00    Prequalification of Independent Experts**

When it is necessary to contract for independent expert services with individuals or firms not previously qualified, the District shall obtain from a candidate for qualification:

- A completed application for independent expert.
- An appraisal report previously prepared as an example of the expert's work.

The District is responsible for approving the qualifications for all independent experts.

The District's investigation of an expert's qualifications should reveal if an expert is already prequalified in another district. Information obtained by the other district may be useful in determining an expert's qualifications.

### **9.04.03.00    Time and Method of Selection**

As soon as it becomes apparent an eminent domain complaint will be filed, the DDC-R/W or the

delegated representative shall consult with the Regional Legal Office on whether to employ independent experts. The District Condemnation Branch and the District Appraisal Branch shall coordinate their efforts in determining the experts qualified to appraise the particular property and deliver the report within a specified time. The District shall transmit the names of the experts to the Regional Legal Office for concurrence on the experts to be employed.

### **9.04.04.00    Non-Civil Service Extended Employment**

In exceptional cases, an independent expert may be employed on a per diem basis. This employment must be coordinated through the District Personnel Branch.

Time sheets are prepared for signature of the independent expert. The Regional Legal Office approves the total number of days for pretrial conference and court appearance, and the DDC-R/W approves time spent for field investigation and appraisal preparation.

### **9.04.05.00    Use of Staff Independent in Lieu of Hiring Independent Appraisers**

The District should consider the use of staff independent appraisers where feasible and permissible under provisions of the Government Code.

**NOTES:**

## **9.05.00.00 CONTRACTS - WITH INDEPENDENT EXPERTS**

### **9.05.01.00 Contract Form**

Standard contract forms are used to contract with independent experts for appraisal and expert witness services, as directed by the Administrative Service Center, Office of Service Contracts.

### **9.05.02.00 Contract Requirements**

The table on the following page lists provisions that must be included in the contract when the expert is required to prepare a report and/or to act as an expert witness in a condemnation trial.

### **9.05.03.00 Rate of Pay**

The expert is paid an hourly rate for preparation of the appraisal report up to a specified maximum fee. In establishing the hourly rate, the District should consider the type and class of expert suitable for the particular assignment and the expert's current employment in other districts. The District should estimate the number of hours required to complete the assignment, taking into consideration, but not restricted to, the following:

- State's appraisal of subject property.
- information on local economic conditions
- available sales and listing information
- whether the joint factual data system is to be employed
- number of parcels involved
- previous fees paid for view and inspection
- if the expert has recently worked in the same neighborhood on similar types of property
- any special estimates that may have been secured and paid for by the expert

An estimate of the fee should then be based on the number of hours required, multiplied by the hourly rate.

In addition, the expert is paid an hourly rate for additional services not within the scope of the original report, such as pretrial conferences with the State's attorney and appearances in court or at depositions. (A normal court workday consists of the regular hours the court generally is in session.)

Where the expert is employed on a strict hourly basis, the fee for services shall be based on the expert's ability as required for the specific case.

### **9.05.04.00 Responsibility for Final Terms and Proper Fee**

The DDC-R/W has final responsibility for determining the final terms of the contract and the proper fee for the report. In addition, the DDC-R/W must recommend approval of the contract after it is signed by the expert.

The DDC-R/W, or authorized representative, shall approve the appraisal fee and hourly rate before the contract is submitted to the expert.

### **9.05.05.00 Presubmission Conference**

A presubmission conference with the District and the State's attorney shall be required as a term of the expert's contract. The presubmission obligation assures that all contract obligations are met before the final report is submitted. The District arranges for the presubmission conference and notifies the State's attorney of the time and place of the conference.

### **9.05.06.00 Specialty Contracts**

Contracts with independent specialty appraisers shall include attachments with specific instructions to assure that the specialty appraiser is aware of all report requirements. The real estate appraiser and the specialist should confer on the valuation after both have inspected the property. They should determine any differences of opinion on the function or utility of individual items of machinery and equipment and on the valuation procedure to be followed.

<b>CONTRACT REQUIREMENTS</b>		
<b>Provision</b>	<b>Requirement</b>	<b>Explanation</b>

Report Format	The appraisal report format shall conform to the requirements of the Appraisal Chapter of the Right of Way Manual.	The District Appraisal Branch reviews the report for proper appraisal procedure and conformance with the Manual. The Regional Legal Office and Acquisition Branch will not use the report in any manner until this review is complete.

The expert shall act as a witness pursuant to directions from the State's authorized representative.

#### **9.05.07.00 Contract to View and Inspect**

If an OP is obtained and imminent construction requires the use of property, arrangements should be made with the experts to spend such time as necessary inspecting, measuring improvements, and taking pictures of the property prior to clearing the right of way. This is essential to ensure that experts are properly qualified to testify in court about the values and damages involved. The Administrative Service Center, Office of Service Contracts prepares the contracts for these services.

Type	Description
Scope	The contractor shall view, inspect, and take the necessary measurements, photographs, notes, etc., of the parcels described and notify the State's attorney through the DDC-R/W of the completion of the assignment on or before a specified date.
Additional Services	The contract shall provide that the contractor will enter into an additional contract in the event services are required for a complete appraisal and testimony involving any or all of the parcels described.
Termination Date	The termination date for the view and inspect contract shall be sufficiently far enough in the future so the contract will still be in effect on the date the State might require the contractor's service in preparing a complete appraisal.

#### **9.05.08.00 Amendments to Existing Contracts**

An amendment is required if it appears a contract will expire before the required services are completed for reasons beyond the control of the contractor or if additional funds are required because the scope of work is enlarged. District Right of Way must request the Administrative Service Center, Office of Service Contracts to process an amendment prior to the expiration date of the contract. The amendment is processed essentially in the same manner and should be executed prior to expiration of the original contract.

It should be made clear to the contractor that additional work must be authorized in writing and with a mutual understanding of the nature of the work and approximate charge prior to performance.

#### **9.05.09.00 Date of Valuation**

Generally the date of valuation is the date of Deposit of Probable Compensation. If no deposit has been made and the trial commences one year after the filing of the Complaint, the date of valuation becomes the date of the trial, unless the delay has been caused by the defendant. If the trial commences within one year of the filing of the Complaint, the date of valuation is the date the Complaint was filed.

The value of the part to be acquired, any damages, and special benefits are based on conditions at the time of the filing of the Complaint. Improvements made subsequent to the date of the service of the Summons and Complaint shall not be taken into account in determining compensation unless one of the conditions in CCP Section 1263.240 is established. If improvements are removed or destroyed, the general rule is that the person in possession bears the risk of loss. (See CCP Section 1263.230.)

#### **9.05.10.00 Special Litigation Information**

An independent appraiser should be impartial, not partisan. The State's attorney must rely heavily on the appraiser for advice and education on the technical problems of the case. While not concerned with the tactics of the case, the appraiser must be in a position to not only consult with the attorney on the forensic aspects of the litigation but to point out any matters the attorney should be prepared to handle.

The entire report serves to assist the State's attorney in meeting with the adversary and rebutting their contentions. In addition, the appraiser should have information in their file not to be relied upon but that might be of particular value to the attorney in this regard. Examples of matters that might be included are listed below.

- Sales the appraiser might have used except for special facts surrounding the transactions.
- Listings, offers, and options.
- Rents being asked for on the subject and comparable properties.
- Indications of the owner's valuation theory when in conflict with the appraiser's conclusions.
- Speculative matters not relied upon but that should be known to the trial attorney.
- All other matters that might be of assistance to the trial attorney but not relied upon by the appraiser.

There are certain matters that cannot be relied upon by an expert as a basis for an opinion of value. These matters are listed in the Evidence Code, Section 822.

#### **9.05.11.00 Report Analysis**

After the independent appraiser has had an opportunity to resolve any suggested corrections, the District Appraisal Branch prepares a separate Report Analysis (Exhibit 7-EX-18) for the completed appraisal of each trial ownership in the report. The staff appraiser who prepared the acquisition appraisal will not prepare the Report Analysis. The analysis is also used for subsequent revisions and is modified for other expert studies and reports.

The instructions above also apply to condemnation reports prepared by staff expert witnesses.

The Appraisal Branch includes the following in the Report Analysis:

- **Compliance** - Comment on compliance with report standards and compare staff and independent reports. If a significant difference exists between the staff and independent appraisals or between independent appraisals, explain the difference.
- **Value** - Tabulate the major value of the current staff appraisal, the experts' appraisals, and other experts' appraisals received to date in the Analysis Section. If the submission is a revision of a previous appraisal, show both the original and updated amounts. If the transaction has been concluded by settlement or judgment, show the amounts and explain the delay in transmittal. Comment on major differences in value or other important information.

The Appraisal Branch returns the report to the Acquisition Branch with the originals and sends a copy of each analysis to the State's attorney. The Appraisal Branch shall neither approve nor disapprove the report. The analysis will not contain recommendations as to possible settlement amounts or negotiation approaches.

The Acquisition Branch decides on use of the appraisal considering court exposure, effect on other transactions, etc.

This section is not in conflict with the approval of fee payment on Independent Expert Claim (Form R/W 9-18). Fee payment approval is dependent upon the expert's compliance with the contract regardless of the acceptability of the appraisal conclusions.

**9.05.12.00**      **Pre-Trial Settlements Over Approved Appraisal Amount**

To meet FHWA requirements for establishing and updating just compensation, the district will handle all settlements that exceed the amount of the approved staff appraisal as follows:

- Prior to filing of an eminent domain suit and hiring of an independent expert witness, any settlement for property that exceeds the amount of the approved staff appraisal is considered an Administrative Settlement. (See Section 8.01.28.00.)
- Once an eminent domain suit has been filed and independent expert witness has been hired, any settlement proposal based upon new appraisal data from the expert witness is considered a Legal Settlement. (See Section 8.01.28.01.) For Legal Settlements an Attorney's Legal Settlement Memo must be received and approved prior to delivery of any payment. This does not preclude processing the check request (Form RW 9-20) through the Accounting Services Center as soon as settlement is confirmed.

| ~~NOTES:~~

## **9.06.00.00 CLAIMS AND PAYMENT**

### **9.06.01.00**      **Requesting Payments for Independent Expert Claims**

Independent expert claims are submitted on Form RW 9-18 in two stages:

- **Initial Claim** - for completion of the required report or special contractual assignment.
- **Supplemental Claim(s)** - for pretrial conferences, trial time, and authorized additional work.

If the report covers only one ownership, the initial and supplemental claims may be consolidated on the same form.

The District includes the expenditure authorization number and appropriate stamp in the upper margin for claims on Federal program projects.

### **9.06.02.00**      **Initial Claims**

The expert must submit a single initial claim to cover all work not withdrawn by the State. Partial payments of the initial claim for partially completed reports are not allowed. Any deviation from this policy must be explained in Remarks. The District must not recommend payment for work not complying with accepted professional quality standards.

If the State withdraws parcels, the State and the expert must reach an understanding regarding the proper amount of the adjusted claim. The expert submits an invoice for the remaining contracted work in accordance with the contract and with the adjusted invoice amount.

### **9.06.03.00**      **Supplemental Payments**

Pretrial conferences, trial time, and authorized additional work are billed after completion of all work required for single trial ownership. A single claim for all supplemental work performed for a trial ownership is preferred but exceptions may be allowed in protracted cases. A supplemental claim is not to cover more than one trial ownership.

The description of additional work must specifically detail the type of work involved and the dates such work was completed. Sufficient substantiation must be included to show the work is outside the scope of the original report. The Continuations section or extra pages can be used if necessary.

The State's attorney certifies with a certification stamp and his or her signature any claims for Pretrial Conferences, Trial Dates, and Additional Work requested in Item B. The R/W contract manager audits and certifies all claims for additional work with the receiving record stamp, and the R/W functional manager approves payment of claims by signing the receiving record stamp.

**NOTES:**

## **9.07.00.00 - TRIAL PREPARATION PROCEDURES**

### **9.07.01.00      General**

It is Departmental policy to strive for settlement in each case, including the time during which the parcel is subject to condemnation proceedings. The assigned acquisition agent should attend all settlement and pretrial conferences.

### **9.07.02.00      Final Offer of Compensation to Defendant**

Subsequent to trial the Court may determine that the State's final offer of compensation was unreasonable and defendant's offer of settlement was reasonable in light of evidence submitted and compensation awarded. In this case, costs allowed to defendant shall include defendant's litigation expenses (CCP Section 1250.410). Litigation expenses include reasonable attorney fees, appraisal fees, surveyor fees, and fees of other experts.

A statutory offer, while made in contemplation of the possible exposure to litigation costs, is not to be justified solely on that basis. The CFRs must also be used to justify such offer.

Since it is imperative that the required final offer reflect all the compensation in the proceeding, the DDC-RW and the State's attorney must discuss and have complete understanding on all matters relating to the compensation in the proceeding. The State's attorney files and serves such final offer.

The District must observe the following procedures in cooperation with the Regional Legal Office.

### **9.07.03.00      Photographs**

The District should take sufficient photographs showing the condition of the subject property so the State's attorney will have a complete picture of its condition. The photographs should be taken prior to construction and conform to the date of the commencement of the action, as nearly as possible. The person taking the photographs should number them and keep a record of the date(s) taken.

#### **PROCEDURES FOR FINAL OFFER OF COMPENSATION**

- The fee appraiser or staff independent appraiser submits the appraisal to the Regional Legal Office 60 days or more prior to trial.
- The Regional Legal Office forwards a copy of the appraisal to the District with a recommendation that it be authorized for use in negotiation or trial.
- The District may use the condemnation appraisal for either negotiation or trial purposes as authorized by Legal.
- Forty five days or more prior to trial, the State's attorney and the DDC-RW, or authorized representative, determine whether it is in the best interests of the Department to file a final offer of compensation (statutory offer) with the Court in an amount that exceeds the authorized appraisal.
- The Regional Legal Office files the statutory offer at least 30 days prior to the date of the trial (CCP Section 1250.410). A statutory offer should be supportable by the CFRs and the Administrative Settlement guidelines.
- If the final offer is accepted, the District R/W representative summarizes the discussions with the attorney in writing to support and document acceptance and settlement. This agreement may be placed in the Parcel file if no confidentiality is intended.

**9.07.04.00**      **Court Exhibit Maps and Engineering Witness**

The District provides R/W Engineering testimony and preparation of exhibit maps for use in the court trial. See the Right of Way Engineering Chapter for instructions.

**9.07.05.00**      **Setting Case for Trial**

A parcel in condemnation should be set for trial after all parties having an interest therein have been served, have filed appropriate appearances or are in default. The DDC-RW, or designated representative, is responsible for advising the Regional Legal Office to request that the parcel be set for trial.

**9.07.06.00**      **Jury Fees**

Once a jury has been demanded, it is the District's responsibility to ensure that jury fees are deposited with the court at least 25 days prior to the trial date.

**9.07.07.00**      **Other Court Deposits**

Allowance of fees and payment procedures are included in the Acquisition Chapter.

## **9.08.00.00 - POSSESSION PRIOR TO JUDGMENT**

### **9.08.01.00 Order for Possession**

The Department should not obtain an Order for Possession until physical possession of the property is needed for construction or related purposes. An OP may be applied for *ex parte* (concurrently) with the suit papers or later. The Court issues the OP if it determines the Department is entitled to acquire the property by eminent domain and has deposited the probable compensation. An OP is supported by depositing probable compensation in the Condemnation Deposit Fund of the State Treasury.

Only one deposit is made on a parcel, regardless of the number and kinds of interests in the parcel. No deposit is made for fictitious defendants or any separate interest. The need for the OP and variations in amount requested from the approved appraisal must be explained.

A completed Request for Transfer of Funds (Form RW 9-19) is sent to District P&M in sufficient time to allow for verification of funding availability and encumbrance of the required amount prior to application to the court for an OP. See Condemnation Flowchart Item 10. P&M transmits Form RW 9-19 to R/W Accounting to request issuance of CA-13, Notice of Transfer of Funds.

### **9.08.02.00 Issuance of Order for Possession**

Based on information supplied by the District, the Regional Legal Office prepares a Notice of Deposit and Summary of the Basis for the Appraisal for signature by the Appraiser. The District inserts the date of the deposit of funds in the Notice using the CA-13 date. The Notice and Summary must accompany the Application and Order for Possession (also prepared by the Legal Office) when the District submits them to the Court. Actual appearance in court may be required in some jurisdictions.

The District requests a Superior Court judge to sign the OP submitting the CA-13, Notice, and the Application. The original OP is filed with the County Clerk, together with the Notice and the Application. The Court may ask to see the CA-13 when the OP is signed, or it may require the CA-13 to be filed with other documents in the County Clerk's case file. When the documents are

filed, sufficient copies must be conformed and sent to the Regional Legal Office for service.

### **9.08.03.00 Service of Notice of Deposit and Summary of the Basis for the Appraisal**

The District makes initial service of the Notice if the OP is to be served at the same time as the Summons and Complaint. CCP Section 1255.020 requires such service to be made in the same manner as provided in CCP Section 1255.450 for service of OPs. The Regional Legal Office serves the Notice as defendants answer the Summons and Complaint. This fulfills technical service requirements set forth in CCP Section 1255.020.

Occasionally it is necessary to serve the OP after service of the Summons and Complaint. Then either the District or the Regional Legal Office serves the Notice in accordance with CCP Section 1255.450. This must be a joint determination to ensure an orderly process of service.

A court award draws interest from the date possession is to be taken, as specified in the Order. If any portion of the deposit is withdrawn prior to judgment, that portion does not draw interest.

### **9.08.04.00 Increase or Decrease in Amount of Deposit**

The Department, or any other party having an interest in the property, may move to have the Court redetermine and order the appropriate deposit. Or, the Court on its own motion can order the deposit increased (CCP Section 1255.030). The District notifies the Regional Legal Office immediately when redetermination of the deposit is sought by the District, other party, or the Court.

If the deposit is to be decreased pursuant to CCP 1255.030 (a) and (e), the Regional Legal Office prepares a Notice of Motion for Order to Decrease Deposit and to Release Balance of Deposit to Plaintiff. The District serves the Notice of Motion on all parties along with the Declaration in Support of Motion for Order to Decrease Deposit and to Release Balance of Deposit to Plaintiff. Decrease below the amount already withdrawn is prohibited by statute.

The State's attorney prepares the Motion and Order. After the Order is signed by the Court and filed, the District serves the Order on all parties.

#### **9.08.05.00**     **Deposit Initiated by Defendant**

When the property to be acquired is a dwelling of not more than two units and at least one is occupied as a residence by a defendant owner, or the property is subject to a leasehold interest, the resident or the lessor may initiate a deposit. The resident or lessor serves a notice on the Department requiring the Department to deposit the probable compensation at a specified date and not earlier than 30 days after service of said notice. CCP Sections 1255.040 and 1255.050 provide certain sanctions against the Department if such deposits are not made. The District should contact the Regional Legal Office if it receives such a notice.

The Regional Legal Office will probably receive the notice and will forward the notice and request for deposit to the District to arrange for the deposit.

The Department may obtain an OP, if it chooses, 30 days after making a deposit under this section. The District should inform the Regional Legal Office whether possession is desired.

#### **9.08.06.00**     **Conformed Copies of Order for Possession**

Before being served on a defendant, each copy of the OP must be conformed to agree with the original as filed.

#### **9.08.07.00**     **Preparation of Excess Land Inventory Record**

The Condemnation Section, at the time of filing the OP, notifies the acquisition agent whenever excess lands are included in an OP. The acquisition agent must prepare an Excess Land Inventory and Disposal Record inventory card and forward it to the Excess Land Section.

#### **9.08.08.00**     **Service of Order for Possession**

The District is required to serve a copy of the OP on all record owners of the property and on all occupants, if any. A record owner is defined as the owner of the legal or equitable title to the fee or

lesser interest in property as shown by recorded deeds or other recorded instruments.

Service of the OP shall be made by personal service except as follows:

- If the person on whom service is to be made has previously appeared in the proceeding or been served with Summons in the proceeding, service of the OP may be made by mail upon such person and their attorney of record, if any.
- If the person on whom service is to be made resides out of the State, has departed from the State or cannot with due diligence be found within the State, service may be made by registered or certified mail addressed to such person's last known address.
- The Court, for good cause shown on *ex parte* application, may authorize the plaintiff to take possession of the property without serving a copy of the OP on a record owner not occupying the property. In such cases the District should immediately request the Regional Legal Office to obtain a Court order allowing the Department to dispense with service of the OP.
- A single service on or mailing to one of several persons having a common business or residence address is sufficient. For instance, service on husband or wife is sufficient for a family unit.

#### **9.08.08.01**     **Time Requirements**

If the property is lawfully occupied by a person dwelling thereon or improved as a farm or business operation, service of the OP and the 90-Day Notice (issued by the Relocation Assistance Section) may be made concurrently. When there is concurrent service, the effective dates of both documents must coincide. The Relocation Assistance Branch will serve a 30-Day Notice to Vacate at the end of the first 60 days of the Informational Notice. Close coordination is required between Relocation and Acquisition to have the effective dates coincide.

In all other cases, service shall be made not less than 30 days prior to the time possession is to be taken. If uncertain, always give 90 days' notice.

Service of the OP may be made at the same time as or following service of Summons.

**9.08.08.02 Circumstances**

Service shall be made not less than 30 days prior to the time possession is to be taken pursuant to the Order under the following circumstances:

1. The Department has deposited probable compensation pursuant to a deposit initiated by an owner (CCP 1255.040 and 1255.050) **or**
2. The Department has deposited the probable compensation and the defendant in possession has either:
  - Expressed in writing a willingness to surrender possession of the property on or after a stated date, **or**
  - Withdrawn any portion of the deposit.

If the District seeks possession on either of the two conditions in 2. above, CCP Section 1255.460 requires that the OP:

- Recite that the OP is made pursuant to CCP Section 1255.460.
- Describe the property to be acquired. The description may be by reference to the Complaint.
- Include the date after which the Department is authorized to take possession. This can be the date requested by the defendant, or, if a portion of the deposit is withdrawn, not less than 30 days after the date the deposit was made.

**9.08.09.00 Order for Possession - Emergency Situations - No Appraisal**

Emergency projects are those that preserve health, safety, welfare, or property. In emergency situations where there is insufficient time to complete an appraisal of a required property prior to the date possession is needed, Regions/Districts have the authority to approve use of an estimated compensation. The appraiser executes an affidavit stating:

- The reasons why possession must be obtained immediately.
- That an adequate appraisal cannot be made in time.
- The status and estimated date of availability of the appraisal.
- A good faith estimate of the probable amount of compensation.

CCP Section 1245.230 requires an appraisal and offer thereof be made within 90 days of the adoption of a Resolution of Necessity. The Regional Legal Office prepares a motion requesting the Court to accept the estimated compensation as the deposit. The motion accompanies the Notice of Transfer of Funds, the OP, and the affidavit. The Court issuance of the OP requires compliance with the affidavit, which must be as accurate as possible.

**9.08.10.00 Order for Possession - 3-Day Notice**

The Court may make an OP to be effective in not less than three days and as it deems appropriate under the circumstances of the case if a deposit of probable compensation has been made and the Court finds:

- The Department has an urgent need for possession, and
- Possession will not displace or unreasonably affect any person in actual and lawful possession.

When asking the Regional Legal Office for a 3-day OP, the District shall state the justification. The Regional Legal Office prepares the Application and the OP and sends them to the District. The designated Right of Way Agent shall execute the Declaration and follow procedures for filing the OP.

**9.08.11.00 Declaration of Service of Order for Possession**

Where service of the copy of the OP is by regular or certified mail, a Declaration of Mailing (Form RW 9-14) shall immediately be executed and transmitted to the Regional Legal Office.

Where a copy of the OP is personally served, the District sends the Proof of Service to the Regional Legal Office. The Declaration should state that the person served is a record owner or a person in possession.

**9.08.12.00 Notice of Tax Cancellation**

Upon securing possession under OP, the District must notify the appropriate local taxing authorities of the action taken. (See Acquisition Section 8.66.04.00 for variations in notice requirements.)

**9.08.13.00 Stay of Order for Possession Because of Hardship**

Within 30 days of service of an OP, a defendant or occupant may request the Court to stay its Order and set a new possession date or impose terms and conditions on the property's use. The Court may do this upon a dual finding of fact, e.g., substantial hardship on the defendant or occupant versus the Department's need in seeking early possession. The Court may make an Order appropriate to the circumstances.

A defendant may make a motion to stay the Order, in which case the Regional Legal Office coordinates with the District to present evidence in support of obtaining the OP.

Where a person occupying property refuses to move by the possession date indicated in the OP,

possession can be obtained through a Writ of Assistance. The District notifies the Regional Legal Office to initiate this process as necessary.

**9.08.14.00 Disposing of Building Improvements on Property Under Order for Possession**

The right to use the land under OP includes the right to dispose of improvements. The Property Management chapter includes instructions covering the issuance of Bills of Sale for such improvements. Right of Way Improvements and Personal Property Inventory and Disposal Record must be prepared at the time of obtaining possession. If there is a dispute as to whether an item is an improvement, the court can be asked to make a determination. (See CCP 1260.030.)

**9.08.15.00 Owner Abandons Personal Property**

If an owner refuses to remove personal property or abandons it, the District shall refer the problem to the Regional Legal Office. It may be necessary to arrange through a law enforcement agency for removal and storage of the personal property in a public warehouse for the account of the owner.

## **9.09.00.00 - WITHDRAWAL OF DEPOSIT BEFORE JUDGMENT**

### **9.09.01.00**      **Defendant's Rights**

Under CCP Section 1255.210, a defendant may file and serve a verified application for withdrawal of all or a portion of the deposit. Defendant can also have the deposit invested for the benefit of all defendants upon proper motion to the Court (CCP Section 1255.075). Interest on the amount withdrawn ceases at the time of withdrawal.

### **9.09.02.00**      **Objections to Withdrawal**

The Department has 20 days after receipt of service of the Application to object to the withdrawal or until the time for all objections has expired, whichever is later. The Regional Legal Office shall immediately prepare the necessary objection on verification from the District that there are currently other parties to the proceeding or parties believed to have interests in the property.

The Department may file an objection to the withdrawal when other parties to the proceeding are known or believed to have an interest or when the bond filed by the applicant (or sureties therein) is insufficient. The Court may require that a bond (undertaking) be filed when there are conflicting claims to the amount sought to be withdrawn or when the amount to be withdrawn exceeds the original deposit, which had been increased. (See CCP Sections 1255.230 and 1255.240.)

The Regional Legal Office must file the objection with the Court and serve the applicant within 20 days of receipt of service. Then the District must expeditiously serve all other interests with a notice advising that they may appear within 10 days of service of the notice to object to the application for withdrawal.

### **9.09.03.00**      **Application for Withdrawal of Security Deposit**

Because of the limited time involved, the District must send, without delay, a verified application to the Court with a copy to the State's attorney. The application shows the applicant's interest in the property and the amount to be withdrawn. The State's attorney contacts the District to get the names and addresses of all parties having an interest in and/or possession of the property. Since this information must be provided at once, it is imperative that the District have a current title report. After receipt of the information, the State's attorney prepares a Notice of Application for Withdrawal of Deposit and Declaration of Service and serves it on the parties whose names and addresses are set forth therein. The Notice must be served in time for a return of service to be made to the Court within the required 20-day period.

### **9.09.04.00**      **Service of Application for Withdrawal and Declaration of Service**

The Regional Legal Office prepares a Notice and Declaration of Service of Application of Withdrawal and forwards it to the District. The District serves the Notice and Declaration on all parties who have not previously appeared or who have not been served with a Summons. Service is by personal service unless the party resides out of state, has departed from the state, or cannot be found with due diligence within the state. Then service may be made by registered or certified mail sent to such party's last known address.

The Regional Legal Office serves, by regular mail, those parties who have previously been served with a Summons or who have appeared in the proceeding and their attorneys of record. The service includes parties whose default has been entered but not parties who have disclaimed or who have been dismissed.

The District shall forward the Declaration of Service to the State's attorney without delay once all parties have been served. The Regional Legal Office prepares a report of service and files and serves the report on the applicant. The report contains the names of parties served and the dates of service, as well as the names and last known addresses of parties known to or believed to have an interest but who have not previously appeared or who have not been served personally.

It is important that the Right of Way records reflect any withdrawal so the amount is credited when settlement is reached. The withdrawal must also be reflected in the record of deposits to assure that any subsequent Order authorizing withdrawal of Deposit directs the release of no greater amount than the balance remaining on deposit after payment of the earlier withdrawal.

The Court order to withdraw all or any portion of the amount deposited by the State will not include interest on such amount to the date of withdrawal. Payment of interest is made only after judgment has been rendered. Separate computations are necessary in all cases where a withdrawal has been made from the deposit. Interest is computed in the judgment on the principal amount of compensation from the OP date to date of payment of the amount withdrawn. A separate computation is made on the balance of the award from the date of withdrawal to the date of payment of the remaining balance.

### **9.09.05.00**      **Procedure for Withdrawal**

After all notices are given, the Court holds a hearing to determine the amounts to be withdrawn and who shall withdraw them. If no other parties have an interest in the property, no hearing is necessary. If no party having an interest in the property appears and objects within 10 days after service of notice, all objections are waived and a hearing is not necessary.

The Order of the Court authorizing the withdrawal directs either the State Treasurer or the Court (County Clerk) to pay the amount authorized to the defendant or other persons determined to have an interest in the property. Whether the Order is directed to the State Treasurer or to the County Clerk depends on whether the original deposit was made with the County Clerk or into the Condemnation Deposits Fund in the State Treasury. In most cases the deposit is in the State Treasury (CCP 1255.070).

The defendant is responsible for forwarding a copy of the Order to the County Clerk or State Treasurer. Payment is made directly to the defendant or other parties authorized in the Order. The District should follow up on applications for withdrawal to determine whether such payments have actually been made. The State's attorney obtains copies of the Order and forwards one copy to the District. The District supplies one certified copy of the Order to the Division of Accounting.

**NOTE:** The State's attorney writes directly to the Office of the State Treasurer advising whether the withdrawal as proposed is in order. Copies of this letter are sent to the District and Accounting Service Center.

If the Order directs the payment from the deposit with the Court (County Clerk), the District prepares Form A-163, Authorization to Cancel or Reduce Accounts Receivable Bill, covering the amount withdrawn.

When the Order directs the State Treasurer to pay the amount to be withdrawn, the Accounting Service Center initiates the Form A-163 and forwards copies to the District.

#### **9.09.06.00**      **Waiver of Defense**

If any portion of the money deposited is withdrawn, the party waives all defenses to the action except a claim for greater compensation. The amount withdrawn shall be credited upon the judgment ultimately entered in the proceeding.

#### **9.09.07.00**      **Waiver of Objection**

If no other party has objected and there is no independent reason for the Department's objection, the Department's objection shall be waived when the Regional Legal Office forwards the Report of Service, Notice of Application for Withdrawal, and Declaration of Service to the Court. The District shall file a copy of the waiver signed by the State's attorney with the Court and serve it on the applicant.

#### **9.09.08.00**      **Security Deposit—Conflicting Claims to Amount Withdrawn**

The Court must determine whether the applicant shall file a bond (undertaking) to secure a third party claimant. If the Court allows withdrawal and parties have not been served, the Court may require a bond by the applicant to indemnify the Department against liability. Unless the bond is

required because of an issue as to title, the applicant can recover premiums paid as part of recoverable costs in the eminent domain proceeding.

#### **9.09.09.00**      **Repayment of Amount of Excess Withdrawal**

A party who withdraws an amount in excess of any entitlement, as finally determined, must pay the excess to the party entitled thereto. The Court enters judgment to that effect.

The judgment does not include interest except in the following cases:

- **Withdrawal by Another Defendant** - An amount to be paid to a defendant shall include legal interest from the date of its withdrawal by another defendant.
- **Excess Withdrawal** - If the defendant who requested the Department to increase the original deposit has made an excess withdrawal, any amount of the excess attributable to the increased deposit shall be repaid to the Department including legal interest from date of withdrawal.

In the case of an excess withdrawal, the Court may grant a defendant up to one year to repay the Department. If the Court authorizes such delay in repayment, the District records an abstract of the judgment in the appropriate county. If repayment has not been made by the expiration of the authorized delay period, the District shall notify the Regional Legal Office. It determines the appropriate means to recover the excess withdrawn plus interest, if applicable.

**NOTES:**

## **9.10.00.00 - JUDGMENT AND FINAL ORDER OF CONDEMNATION**

### **9.10.01.00**      **General**

The Regional Legal Office prepares the Judgment and Final Order of Condemnation and forwards the documents to the District for filing with the Court. A certified copy of the FOC must be recorded.  
(See CCP Section 1268.030 (c).)

### **9.10.02.00**      **Judgment by Default**

The Department takes defaults in condemnation proceedings only after making a diligent effort to induce the property owner to answer. Prior to entering a default under any condemnation proceeding, the Regional Legal Office sends a letter to the property owner giving a final date for appearance.

The Court requires military affidavits before granting a judgment by default. The party serving the Summons and Complaint must obtain sufficient facts to thereafter make a military affidavit, if required.

### **9.10.03.00**      **Time of Paving Judgment**

CCP Section 1268.010 requires the plaintiff to pay the full amount required by the judgment within 30 days after final judgment.

The District will make every reasonable effort to deposit the amount of the award on the date the judgment is entered to keep payment of interest to a minimum. The District should not have the judgment signed until it is in a position to deposit the award, plus interest under OP if any, computed to the date the judgment will be signed and entered. If a motion for a new trial will be made by the State, State's attorney will request the District to delay making the deposit.

### **9.10.04.00**      **Method of Paving Judgment**

Payment is made by either or both of the following methods:

- **Payment of Money Directly to the Property Owner**  
— Any amount that the property owner has previously withdrawn shall be credited as a payment on the judgment.
- **Deposit of Money with the Court Pursuant to CCP Section 1268.110** — It is State's practice to make the deposit into Court rather than directly to the property owner or to an escrow agent, unless unusual circumstances exist.

**NOTES:**

## **9.12.00.00 - FINAL ORDER OF CONDEMNATION**

### **9.12.01.00      Recording of Final Order - Vesting of Title**

CCP Section 1268.030(c) provides that title to the property described in the Final Order vests in the State upon the date that a certified copy is recorded in the Office of the Recorder of each county in which the property is located. After the judgment has been entered and the deposit made, the Judge signs the FOC upon being shown the receipt for deposit. A Satisfaction of Judgment signed by the owner or attorney must be presented with the FOC

if payment has been made directly to the owner. Since payment for the property will have been deposited prior to issuance of the FOC, it is essential that the required certified copy be recorded immediately to vest title to the property in the State.

After the FOC is recorded, the District must immediately advise the owner's attorney by letter of the date of the deposit of the award and the date the FOC was recorded. A copy of the letter is sent to the Regional Legal Office.

## **9.11.00.00 - DEPOSITS AND SCHEDULES**

### **9.11.01.00    Deposit of Award and Costs**

The District makes two separate deposits:

- **Amount of Award** - plus interest on possession (if any), computed to the date of payment of the award computed at the apportionment rate. (See CCP Sections 1268.310 and 1268.350.)
- **Amount of Defendant's Costs** - the State's attorney will advise the District of the amount of the property owner's legal costs. (See the Acquisition Chapter.)

### **9.11.02.00    Interest for Possession**

If an OP is involved, the District deposits the award, together with interest, with the Court on the day the judgment in condemnation is signed and filed by the Court.

### **9.11.03.00    Interest on Award**

Compensation, including damages, awarded in an eminent domain proceeding draws interest pursuant to CCP Section 1268.310 from the earliest of the following dates:

- The date of entry of judgment.
- The date the plaintiff takes possession of the property.
- The date after which the plaintiff is authorized to take possession of the property as stated in an OP.

The compensation award ceases to draw interest pursuant to CCP Section 1268.320 on the earliest of the following dates:

- The date the amount deposited as probable compensation has been withdrawn by the person entitled thereto.
- The date of deposit of the amount of the award.

- The date a person is paid the amount to which they are entitled.

### **9.11.04.00    Offset Against Interest**

If after the date interest begins to accrue (date of possession), the defendant continues in actual possession of or receives rent, issues, or profits from the property, the value of such possession and of such rents or other income is offset against the interest that accrues during such period. (CCP Section 1268.330(b)) Value of possession should be presumed to be the rate of interest on the compensation award for the period defendant continues in possession and receives rent or other income. The District gathers the necessary facts to determine whether an offset against interest should be made so this issue may be tried in the condemnation proceedings.

### **9.11.05.00    Receipt for Deposit**

When a deposit is made with the Court, the District must obtain a receipt from the County Clerk in order to obtain the FOC and to schedule payment of the judgment.

### **9.11.06.00    Appeal or Motion for New Trial by Defendant - State in Possession**

The District should deposit the amount of the judgment at time of entry of judgment to stop the accrual of interest. Except where the defendant has withdrawn the judgment award, the State should not obtain the FOC until the appeal is terminated and the judgment becomes final. Otherwise, the State would be responsible for creating a cloud on the title should the judgment be reversed.

It is particularly important that the Department not withdraw the security deposit under an OP during the pendency of an appeal. If the judgment is reversed, State's possession would not be supported by the constitutionally required security deposit.

### **9.11.07.00    Scheduling of Judgments for Payment**

To schedule payment for judgments, the district submits Form RW 9-20, Condemnation Check Request-Invoice to R/W Accounting together with, but not limited to, the following items:

- **Judgment in Condemnation** - A certified copy specifying the amount of compensation to be paid by State.
- **Interest Calculation Worksheet** - one copy, if applicable.
- **Federal Participation Memo (Form RW 8-16)** - two copies.

Explain in detail any difference between the amount of the judgment and the amount being scheduled and not accounted for above.

A certified copy of the FOC is retained in District files. A certified copy is defined as a copy that has been formally certified by the County Clerk as a true and correct copy of the original on file. Endorsed or conformed copies are identical to the original but have not been certified as true and correct copies.

#### **9.11.08.00 Tax Identification Numbers**

Requirements for securing Tax Identification Numbers in condemnation cases are identical to the regular acquisition procedures described in Manual Section 8.04.43.00. Every effort should be made to secure vendor data records for all condemnees.

**NOTES:**

## **9.13.00.00 - SETTLEMENT AND DISMISSAL**

### **9.13.01.00**      **Settlement by Judgment After Entry Into Right of Way Contract**

In some cases where a negotiated settlement has been made with the owner through a Right of Way Contract, it may be necessary to secure a Judgment in Condemnation for technical reasons, such as clearing the title. Before Judgment in Condemnation is secured, a written agreement should be entered into with the owner or the owner's attorney providing for the cancellation of all contractual obligations included in the Judgment. Failure to do this creates duplicate obligations.

The Agreement of Cancellation should be executed in duplicate and distributed as follows:

- One copy to the owner or the owner's attorney.
- One copy affixed to the executed original Contract in the District file.

If the owner, or the owner's attorney, refuses to enter into such a written agreement, the District should submit complete information to the Regional Legal Office with a request for instructions on how to proceed to complete the acquisition.

A DM-8 clause must be included in the Deed whenever the State has the right to take possession under Court order or has taken actual possession through Right of Entry or OP.

### **9.13.02.00**      **Settlement by Right of Way Contract**

Whenever a parcel included in a condemnation suit is settled by Right of Way Contract, the action shall be dismissed. If a security deposit has been made for an OP, provision should be made for its release.

The District should not request a dismissal until it obtains consent from all attorneys who have filed an answer alleging an interest in the parcel. The attorneys representing such interests should be advised of the proposed settlement and the provisions concerning the distribution of the payment.

### **9.13.03.00**      **Settlement After Withdrawal of Deposit**

Whenever a withdrawal of funds has been made by the owner and a negotiated settlement is subsequently reached, the Contract shall include a provision wherein the owner acknowledges receipt of the amount withdrawn as a credit to the State against the total payment provided for in the Contract. A similar provision shall also be included if settlement is by stipulated judgment.

### **9.13.04.00**      **Approval of Stipulated Judgments**

The District will secure approval from HQ RW before entering into a Stipulated Judgment whenever:

- The amount of the stipulation is substantially in excess of the highest value based upon an authorized appraisal report that would have been testified to if the action had proceeded to trial.
- When the proposed payment is not substantially at variance with the authorized appraisal report but where the settlement (with the exception of the form of the instrument) does not conform to the criteria and conditions for district-approved contracts. (See Acquisition Chapter.)
- When it is proposed to exchange noncontiguous excess land. (See Acquisition Chapter.)

After approval is secured by letter, fax, or telephone, the District shall submit to HQ RW a Memorandum of Settlement fully explaining the details of the stipulated settlement.

### **9.13.05.00**      **Dismissal and Release - Settlement by Right of Way Contract or Judgment**

The Order for Release of Deposit can be combined with the Order for Dismissal of the action on condemnation parcels settled by Right of Way Contract. The District should notify the Regional Legal Office when an OP has been taken and the parcel has subsequently been settled by either an FOC or Contract. Notification should be made in sufficient time so that the Release of Deposit can be prepared and filed immediately following recordation of the FOC or the Deed vesting the property in the State. Such notice shall cite the Superior Court case number and condemnation parcel number.

### **9.13.06.00**      **Abandonment of Proceedings**

Under certain circumstances the Department may abandon all or part of a parcel after suit has been

filed. If an abandonment is contemplated, the District should consult with the Regional Legal Office.

## **9.14.00.00 - DEPOSIT RELEASES**

### **9.14.01.00      Responsibility for Release of Deposit**

The DDC-RW is responsible for the prompt release of deposits. The District should review the status of these deposits periodically to ensure release immediately following the vesting of the property in the State, regardless of whether title was acquired through Court proceeding or by deed.

### **9.14.02.00      Release of Deposits after Filing of Suit**

Whenever a parcel is settled, either out of Court or by Judgment in Condemnation, any condemnation deposit shall be released through an Order for Release of Deposit. Where a portion of the deposit has been withdrawn by owner, the balance on deposit shall also be released through the procedure outlined above.

The Regional Legal Office may occasionally advise the District not to request a release of deposit after Judgment in Condemnation because of further legal proceedings.

### **9.14.03.00      Release of Deposits Prior to Filing of Suit**

A condemnation deposit on a parcel canceled or closed prior to a suit being filed cannot be released by Court Order since there is no court jurisdiction. These deposits are shown as "pending" on the

monthly list of unreleased condemnation deposits and are released by the State Controller only upon the District's affidavit that a final settlement has been reached and Grantor(s) is/are seeking no further claims.

Requests to release these deposits are processed through the Accounting Service Center, Cashiering Unit.

The standard release request form, RW 9-21, Release of Condemnation Deposit, contains the necessary language for the District's affidavit; necessary explanatory data is added in the appropriate boxes. In addition, for stipulated and court-ordered judgments, two court-certified copies of the Request and Order for Release of Deposit must be included.

### **9.14.04.00      Processing of Order for Release of Deposit**

The District shall transmit the Release of Condemnation Deposit (RW 9-21) and two certified copies of the Order for Release of Deposit, if applicable, to the Accounting Service Center, Cashiering Unit, for processing.

Accounting arranges for the transfer of the deposit from the Condemnation Deposits Fund to the State Transportation Fund. After this transfer has been made, a closing report is returned to the District to confirm the deposit has been released.

**NOTES:**

## **9.15.00.00 - GENERAL CLOSING PROCEDURES**

### **9.15.01.00      Ordering Policy of Title Insurance**

After recordation of the FOC, the District shall secure a Policy of Title Insurance to insure the interests acquired by State.

### **9.15.02.00      Record of Condemnation**

Upon completion of a trial, the District forwards an MOS to HQ RW, including a copy of the attorney's Trial Report. Two copies of the MOS are forwarded to the Regional Legal Office. Trial Reports are required when there is a contested award. Trial Reports are not required for stipulated judgments, but written concurrence from Legal is necessary for all Legal Settlements. The District submits Supplemental Memoranda to HQ RW as events occur covering retrials, appeals, or situations where the Court has amended the original verdict.

### **9.15.03.00      Improvements Acquired**

The District lists improvements acquired through condemnation trial or secured under an OP on Right of Way Improvements and Personal Property Inventory and Disposal Record in the same manner as those acquired through Right of Way Contract. When improvements are acquired by condemnation but without an OP, the inventory is prepared concurrently with Page 3 (Alternate) of the MOS.

### **9.15.04.00      Prepaid Tax Cancellation**

Prepaid current taxes on property acquired after the lien date, which would have been subject to

cancellation if unpaid, are recoverable from the State. Money owed by the State for the tax refund is paid as part of the defendant's cost bill. The State arranges to recover this money from the taxing agency pursuant to the Revenue and Taxation Code.

When property is acquired by eminent domain, the following requirements apply to recovery of prepaid taxes:

- If the State has taken possession of the property prior to judgment, the property owner must claim payment for these taxes as part of the cost bill filed after judgment in condemnation.
- If the State has not taken possession of the property prior to judgment, the property owner must claim payment for these taxes by means of a supplemental cost bill filed not later than 30 days after recording of the FOC. (See Acquisition Chapter.)

### **9.15.05.00      Filing of Recorded Document**

Procedures for filing of recorded documents are set forth in the Acquisition Chapter, Section 8.67.00.00, "Filing of Completed Transactions."

**NOTICE OF INTENT TO ADOPT RESOLUTION OF NECESSITY**

RW 9-1 (9/93)

**CALIFORNIA TRANSPORTATION COMMISSION  
NOTICE OF INTENT TO ADOPT RESOLUTION OF NECESSITY  
TO ACQUIRE CERTAIN REAL PROPERTY  
OR INTEREST IN REAL PROPERTY BY EMINENT DOMAIN  
(Code of Civil Procedure, Section 1245.235)**

**TO:**

California Code of Civil Procedure, Section 1240.030, provides that the power of eminent domain may be exercised to acquire property for a proposed project if the following conditions are established:

- a) The public interest and necessity require the project.
- b) The project is planned or located in the manner that will be most compatible with the greatest public good and the least private injury.
- c) The property sought to be acquired is necessary for the project.
- d) The offer required by Section 7267.2 of the Government Code has been made to the owner of record.

You are hereby notified the California Transportation Commission at its meeting to be held on \_\_\_\_\_, 19\_\_, in \_\_\_\_\_, CA, will be asked to decide if the above conditions are met concerning your property and, if so, to adopt a Resolution of Necessity. Questions regarding the amount of compensation to be paid are not part of this proceeding and the Commission does not consider such in determining whether a Resolution should be adopted.

The adopted Resolution will authorize the California Department of Transportation to acquire the property by eminent domain. A description of the required property is attached to this Notice and is marked Exhibit A.

If you file a written request to appear (within 15 days from the mailing of this Notice) you are entitled to appear and object to the adoption of the Resolution. Objections are limited as set forth below.

All requests to appear must be sent for filing to the Executive Director of the California Transportation Commission, P. O. Box 942873, Sacramento, CA 94273-0001.

The written request must actually be *on file* within the 15-day period. Failure to file a written request results in a waiver of your rights to appear and be heard.

Your written request to appear should include a statement of the condition(s) which you feel are pertinent to your property. The three conditions which may affect your property are set forth above (designate (a), (b), and (c)). By designating which condition forms the basis of your concerns, and why, you will enable the Commission to have a full and expeditious review made of the project's effect on your property.

For your convenience, the California Transportation Commission will consider any written observations you may wish to submit, so long as such written observations are filed with the Commission within the 15-day period.

The California Transportation Commission must adopt a Resolution of Necessity before an eminent domain proceeding can be commenced. Within six months of the adoption of the Resolution of Necessity, this Department will commence eminent domain proceedings in the Superior Court in the County where the property is located. In that proceeding, the court will determine the amount of compensation to which you are entitled.

Dear \_\_\_\_\_:

The law provides the procedure for public agencies to acquire private property for public use. It presently requires that every agency which intends to condemn property must notify the owners of that property of its intention to condemn. Such notice must be prior to submission of an authorizing resolution to the appropriate commission for adoption. The purpose of the attached Notice of Intent is to advise you that acquisition of your property will be sought through judicial process if an amicable agreement is not reached.

Agreement between an owner and the State may be delayed for a variety of good reasons; however, in order to maintain a schedule for construction of this project, certain procedural steps must be taken. One such step is to advise an owner of our intent to acquire property through court proceedings. The project which requires your property is now scheduled for construction in the near future. A legal description of the required property is also attached.

The attached Notice of Intent gives you an opportunity to appear before the California Transportation Commission and raise questions concerning the public interest, necessity, and location of the project as it affects your property. The subject of the amount of compensation for your property is not an issue for the Commission and it will not be considered by them. If the Resolution is adopted, the Department has the authority to file an eminent domain action in the Superior Court. In that Superior Court proceeding the amount of condemnation is determined.

If you desire to appear before the Commission and give proper notice of appearance, you will be notified of the full address of the meeting place.

If you have any questions regarding the procedure, you can reach me by telephone at ( ) \_\_\_\_\_.

Sincerely,

Dear \_\_\_\_\_:

Mr. Robert I. Remen, Executive Director of the California Transportation Commission, has asked that I acknowledge receipt of your letter to him in which \_\_\_\_\_ proposes to contest adoption of a Resolution of Necessity.

In order to evaluate completely the issues you have raised, it is necessary that the Resolution affecting your or your client's property be rescheduled and not be submitted to the Transportation Commission at its \_\_\_\_\_, 19\_\_ meeting.

Your appearance before the Commission will follow a First and Second Level Review process, conducted with your participation, to assure that all issues are identified and, if possible, resolved. The First Level Review meeting will include members of the District Right of Way and Project Development Offices. The Second Level Review meeting, if necessary, will be attended by representatives of our Legal, Engineering and Right of Way functions.

Arrangements for these meetings will be handled by the District Right of Way Office. You will be contacted for time and place confirmation.

Sincerely,

Attached is correspondence from the owner of the referenced parcel (the attorney representing the owner of the property) in which an appearance is requested in order to oppose adoption of a Resolution of Necessity.

We have advised the correspondent the Resolution has been deferred and will not be considered by the Commission at its \_\_\_\_\_, 19\_\_ meeting. A date for submittal to the Commission has not been set.

Please initiate the First Level of Review in which the Deputy Director, Right of Way and the District Director, or delegatee, meet with the owner in order to resolve the issues or concerns raised. Dear \_\_\_\_\_:

This is confirmation that there will be a First Level Hearing regarding the acquisition of your property. This hearing will be held (date/time/location). The purpose of the hearing is to allow you and Caltrans staff to identify and attempt to resolve issues relating to the adoption of a Resolution of Necessity by the California Transportation Commission (CTC). Attending will be District representatives from Right of Way and Project Development. If, after attending this hearing, you decide not to appear before the CTC to object to the Resolution of Necessity, you should confirm your decision in writing addressed to the District with a copy to the CTC, P.O. Box 942873, Sacramento, CA 94273-0001.

In the event issues concerning the CTC remain unresolved after the First Level Hearing, a Second Level Hearing will be scheduled as soon as arrangements can be made. Meeting with you then will be a panel of Caltrans representatives from Division of Right of Way, Engineering, Legal, and District staff. If the relevant issues are not resolved at this hearing, the panel will prepare and submit a written recommendation requesting a Resolution of Necessity by the CTC. You will be notified of the date, time, and place for your appearance before the Commission. If issues are resolved to your satisfaction and you decide not to appear before the CTC, you should notify the District in writing that you will not attend.

As set forth in the Code of Civil Procedure Section 1240.030, the CTC will consider information related to 1) does the public interest and necessity require the project, 2) is the project planned or located in the manner that will be most compatible with the greatest public good and the least private injury, and 3) is your property required for this project?

Most portions of the form are self-explanatory. Comments or explanations are included only where necessary. Numbers refer to sections on the form.

2. Six copies are necessary if the parcel lies in two counties or if the request is to be a joint condemnation with another State agency. Attachments are grouped as follows:
  - a. Original Resolution Request, original description(s), description of mailing, Notice(s) of Intent, 1 set of index and detail maps, original consent letter and Confirmation of Market Value.
  - b. Copy of Resolution Request letter and 5 copies of the legal description(s).
  - c. Copy of Resolution Request letter and 1 set of maps.
3. At least one box must be checked in this section. The various CCP sections should be reviewed to assure full compliance. Discuss the needs with the Regional Legal Office. If property is being condemned to provide utility service to, or access to a public road from, a property not acquired for public use but which is cut off from service or access as a result of State acquisition, the owners consent is desirable but not necessary.
4. Whenever the condemnation of excess property is involved, the facts qualifying the excess acquisition must be described in the request. The appropriate CCP sections must also be cited. Any excess condemnation request must contain data on the following items with the concurrence of the Regional Legal Office that condemnation is supportable:
  - (a) The area and value of the right of way, including improvements.
  - (b) The area and value of the excess or remnant before and after.
  - (c) The amount of damages in excess of benefits, if not acquired.
  - (d) Any new easements which may encumber the excess in the "after" condition.
  - (e) If a remnant, discuss why there is not reasonable, practicable and economically feasible means to prevent the property from becoming a remnant.
  - (f) The owners opinions or reasons for refusing consent to its acquisition.
5. Check appropriate boxes in this section when the property being condemned is currently being used for a public or public utility use or is a substitute property for such uses.

## GOODWILL

On ownerships in which a business is affected by the State's proposed acquisition, the Resolution of Necessity request submitted to the Right of Way and Asset Management Program for Transportation Commission action, shall include a reference to any offer for the loss of goodwill. This information is to be included under item 6, page 2.

In the event no loss of goodwill offer has been made or the services of an independent are being secured to provide an evaluation of this item of compensation, then this, as well as all other pertinent information on this subject, shall be included under item 19 on page 3.
